Torque Sealant

Visual securing of screw connections

Standard Range

Our reference is characterised by extremely good adhesion.

Zero Range

The first water-based and VOC-free security coating system.

Fast Dry Range

This paint system dries extremely quickly and stays in place.

High Precision Marker

Enables highly precise and clean work on the smallest parts.

Brush Marker

Easy application with integrated brush.

Expandable with tamper protection

Secure

Contains a hidden security feature.

Topsecure

Enables clear product identification.

Standard Range

Properties

- Extremely good adhesion
- Fast drying
- Insulating
- Good media resistance

Colours

White	Orange
Yellow	Pink
Red	Grey
Blue	Black
Green	Transparent

Tube 20 ml / 50 ml
Cartridge 30 ml / 50 ml
Can 1 kg

Flow
Medium viscosity / More liquid

M2 - M48

Zero Range

Properties

- Waterbased
- Food safe
- VOC free
- HAP free
- No dangerous goods

Colours

White	Neon-Orange
Yellow	Grey
Red	Black
Blue	
Green	

Tube 20 ml / 50 ml
Cartridge 30 ml / 50 ml
Can 1 kg

Medium-Flow
Medium viscosity / Liquid

M2 - M48

Brush Marker

Properties

- Waterbased
- VOC free
- HAP free
- No dangerous goods

Colours

Neon-Red

Brush bottle 15 ml

Flow
Medium viscosity / More liquid

M2 - M8

High Precision Marker

Properties

- Waterbased
- VOC free
- HAP free
- No dangerous goods

Colours

Neon-Red

Dropper bottle 20 ml

Flow
Medium viscosity / More liquid

M1 - M3

Fast Dry Range

Properties

- Extremely fast drying
- Stays in place
- Insulating
- Good media resistance

Colours

White	Orange
Yellow	Pink
Red	Grey
Blue	Black
Green	

Tube 20 ml / 50 ml
Cartridge 30 ml / 50 ml
Can 1 kg

Anti-Flow
Medium viscosity / Less liquid

M2 - M48

All are **UV and weather resistant** in accordance with DIN EN ISO 2810

All fulfil important **industry specifications**

Accessories

Torque Sealants

Discover matching accessories for our 20 ml and 50 ml tubes

NEW

Dosing tip with cap
 Ø 1,2 mm

No drying out
 thanks to cap

Notches for cutting
 off and increasing the
 flow rate

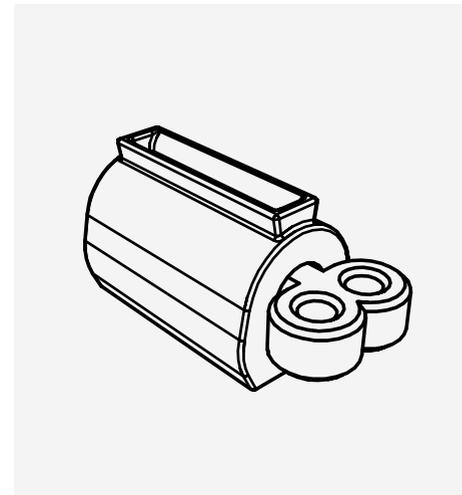

Firm hold
 by screwing on

Reusable quick-release cap
 Quick-locking option of the tube between working steps.

Reusable magnetic tube holder
 Allows quick and easy fixation of the tube between operations.

Tube squeezer with holder
 Allows complete emptying of the tube and can serve as a tube stand.

Dosing tip Ø 1,0 mm
 Enables precise and even application.

Available in 30 ml
and 50 ml cartridges

We also offer **dosing
needles** 1/4 inch and
dosing tips with an
internal diameter of
0.33 - 1.37 mm.

We also offer a **digital dosing
device**.

Cartridges

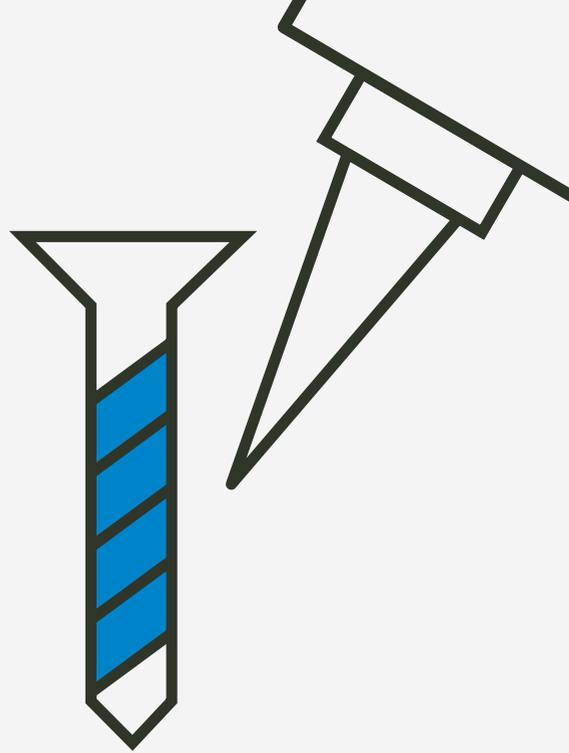

Automated application and process traceability

Automated application

Our cartridges have been specially developed
for use on dispensing devices or robot arms.

Process traceability

By using our cartridges in combination with a
digital dispenser, you can track when, where
and how much torque sealant has been applied
at any time.

Anaerobic Threadlockers

Secures screw connections against loosening

B222 Eco Low strength

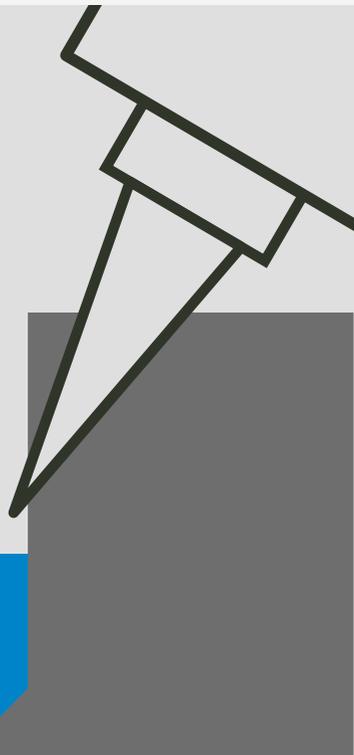

Enables the adjustment of screws, including countersunk screws and set screws.

B243 Eco Medium strength

A universally applicable medium strength threadlocker.

B270 Eco High strength

A high strength threadlocker for maximum performance when securing and sealing screws, nuts and stud bolts.

Shelf life at least
24 months

Gentle on people and
the environment

Virtually odourless

- Also secures slightly
dirty/oily screws
- Suitable for all metals
- **Prevents loosening**
due to vibration

Compared to conventional anaerobic
adhesives, our GREENMARK® products are
not a hazardous substance.

B222 Eco
Low strength

Can be dismantled with
hand tools
5,5 - 11,5 Nm

-55 °C bis 180 °C

Colours - fluorescent
Lila

Bottle 10 ml

Medium-Flow
Medium viscosity / Liquid

max. M36

B243 Eco
Medium strength

Can be dismantled with
hand tools
15 - 25 Nm

-55 °C bis 180 °C

Colours - fluorescent
Blue

Bottle 10 ml
Accordion bottle 50 ml

Medium-Flow
Medium viscosity / Liquid

max. M36

B270 Eco
High strength

Can be dismantled with
hand tools; Heat area locally
>35 Nm

-55 °C bis 180 °C

Colours - fluorescent
Green

Bottle 10 ml
Accordion bottle 50 ml

Medium-Flow
Medium viscosity / Liquid

max. M20

Pre-treatment and cleaning

For the ideal treatment of screw connections

Screw Cleaning Spray

Ideal for cleaning screw connections and fasteners.

Universal Remover

Torque Sealant

Ideal for quickly loosening torque sealants.

Screw Cleaning Spray

Properties

- Removes grease, oil, dirt residues, soot and much more
- CFC-free

Spray can 400 ml

Universal Remover Torque Sealant

Properties

- Good handling
- Universally applicable
- Solvent-saving

Dropper bottle 50 ml
