Subject: Milling Equipment Change – LOCTITE® ABLESTIK Products

Dear valued Customer,

Henkel is committed to providing the highest level of service to its customers. As a provider of unique product solutions, we are continually looking for ways to improve our process to be more efficient and sustainable.

We are writing to inform you of a change that impacts the products in **Attachment A**.

Henkel has qualified additional milling equipment for use in the manufacturing of the above-referenced products. To ensure adherence to finished good specifications, Henkel maintained strict adherence to its Quality System requirements during this qualification process. Based on Henkel internal testing we do not anticipate any impact to form, fit, or function of these products due to this change.

Samples of product manufactured using this new equipment as well as an external white paper with test data are available upon request. This equipment will be put into service June 1, 2023.

Please contact your local Henkel sales representative if you have any questions or require further information.

Thank you for your support of our products. We look forward to your continued business.

Sincerely,

Henkel Belgium N.V.

Dr. Geert Luyckx
Corporate Director
Country Manager Adhesive Technologies BeNeLux

Krisztina Lersch
Head of Product Management AEI EIMEA
