# SOCO|SAFE

SOCOSAFE is a complete range of hand and surface disinfection, and face protection products: hydroalcoholic gel, hydroalcoholic solution, pre-saturated wipes, masks, etc.

Ready-to-use without dilution, our hydroalcoholic gel and solution are bactericidal (EN 1276, EN 13727), yeasticidal (EN 13624), fungicidal (EN 13624) and virucidal (EN 14476). All our products comply with current French regulations.

## Hydroalcoholic gel and solution:

	Time	Strains	Standard
Bactericidal	30 sec		EN 1276 EN 13727
Yeasticidal	30 sec	Candida	EN 13624
Fungicidal	1 min	Aspergillus	EN 13624
Virucidal	30 sec	Coronavirus	EN 14476

## Socosat/Socosolv SDS:

	Time	Strains	Standard
Virucidal	5 mins	Coronavirus	EN 14476

Our disinfectant products are fast-acting, no-rinse and leave no residue.

Our products are designed so that the empty containers can be reused. Our masks are reusable and supplied with 100 days' worth of filter refills.

**WARNING  
SMALL PACKAGING  
IS RARE!**

All professional consumers must have the reflex to no longer throw away their sprayers, dosing bottles, pump bottles...

**PLEASE  
SPREAD  
THE WORD!**

... which can be cleaned and refilled with identical consumables. Remember to identify the product by a label.

Our products comply with standard EN 14476 (Coronavirus) and biocide regulations TP1 (gel and hydroalcoholic solution) and TP2 (surface disinfectant).

Our range is socially responsible. Each order will be matched with a donation of 10% of the equivalent volume to hospitals, associations, nursing homes, etc.

Our range is produced in France (except a reference produced in our Irish subsidiary).

*Use these disinfectant safety. Always read the label and product information before use.*
