BONDERITE C-AK DW 805 AERO

DRY WASH AIRCRAFT CLEANER

TYPICAL APPLICATIONS

» Aircraft external surface cleaning with no rinsing required

BENEFITS	DETAIL
Savings	▪ No water rinsing and no waste treatment required ▪ Cleans without water recycling system and dedicated area ▪ Contributes to reduced maintenance downtime
Performance	▪ Non-staining and non-streaking to aluminum ▪ Non-crazing to plexiglass and plastics including acrylic and polycarbonate ▪ Can be used on all painted surfaces and unpainted substrates ▪ Conforms to major OEM specifications” in the Performance Section ▪ Non-flammable and no dust
Ease of Application	▪ Spray or damp cloth application, dwell and wipe off with clean microfiber cloth ▪ Ready-to-use product with no dilution needed
Sustainability	▪ Does not contain phosphates, chromates, butyl cellosolve or aromatic solvent ▪ Fuel savings from less drag on clean aircraft
Value added	▪ Protect and maintain surfaces in one application, while leaving a high-gloss surface shine ▪ Long-term protection against harsh environments such as corrosion, UV-rays and oxidation

AVAILABLE CONFIGURATIONS

BONDERITE C-AK DW 805 AERO is available in the following configurations:

Drum: 5 gallons or 55 gallons
